ADDITION TO THE ADPICS PCHL5750-64 TABLE

Document type `RR', BPO - Rate Setting for Delegated Direct Human Services, has been added to the ADPICS PCHL5750-64 table.

Those agencies that have delegated authority for direct human services will use this document/document type. It will be necessary to update your security to include BP-RR and CP-RR. Any questions should be directed to Marge Fuller at 517-373-7312.

OPERATING SYSTEM SOFTWARE

Prior to the April 30, 1999 batch run, we will be installing a new version of the operating system software on the mainframe computer in Boulder. The new version has been thoroughly tested and we don't expect any problems. However, it is possible that onlines may be delayed on Saturday, May 1, 1999.
